RE: Dietary Supplement Statement of Support Notification

To: Whom It May Concern:

Nutritional Specialties, Inc., 1452 E. Katella Ave. Anaheim, CA 92805, the distributor of the following dietary supplement products, intends to make the following statement of support: "Bone Support Formula is a highly advanced formula that combines vitamins, minerals and specialty phytonutrients to assist in promoting healthy bones. Bone cells continually stimulate the breakdown and re-building of bone tissue. Ipriflavone, an extensively researched new dietary ingredient, has been shown to increase bone mineralization and stimulate cells that help build bone in clinical studies. Soy isoflavones mimic estrogen and may benefit women experiencing loss of estrogen during the menopausal years. Bone Support Formula also contains significant quantities of calcium, magnesium, boron, vitamin D3 and other nutrients that are essential to bone health."

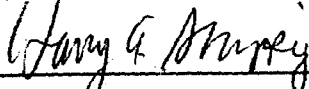

This claim is being made for Ipriflavone + Isoflavones + Calcium. Which is contained in LifeTime® Bone Support Formula. This submission is being made in compliance with the requirements of 21 CFR 101.93.

The undersigned is an authorized representative of Nutritional Specialties, Inc. and certifies that the information contained in this notice is complete and accurate, and that Nutritional Specialties, Inc. has substantiation that the above statement is truthful and not misleading.
